C. Financial responsibility criteria for ratings 1.0-1.49 (for non-public institutions):

MCCA may, at its discretion, accept a federal financial responsibility composite score between 1.0 and 1.49 if in its opinion the institution has provided additional information demonstrating sufficient financial stability to justify the institution's participation in SARA. In the event your institution's financial responsibility index falls within this range, submit documentation from the U.S. Department of Education concerning your eligibility to receive Title IV monies, financial stability justification, and explanation as to why your institution should be permitted to operate under the terms of SARA. Other documentation may be requested.

D. Financial Responsibility Composite Score if not participating in the Federal Assistance Program, submit financial stability justification, and explanation as to why your institution should be permitted to operate under the terms of SARA. Other documentation may be requested.

E. Professional Licensure Notification:

Please submit documentation of written notification to students relative to programming that leads to professional licensure (see application #10).
